You don't have to wait until the day after Thanksgiving for turkey sandwiches with all the fixings. Here's where to find burgers and sandwiches packed with Turkey Day flavors.

Five Napkin Burger

The burger chain is channeling Thanksgiving with a burger featuring a 10 oz. patty made with ground and white dark turkey, pork sausage, celery, onions, apples, currants, thyme, sage and cornbread. It's then topped with Cheddar, onion gravy, chicory, sweet potato chips and cranberry mayo, all on a potato roll. *\$14, available Nov. 23-25; multiple locations, 5napkin-burger.com*
